PROFILE

Final-year undergraduate pursuing a Bachelor's degree in Software Engineering, highly motivated, result-oriented, and innovative. Organized and driven, with a strong record of academic and extracurricular achievements. Passionate about learning and applying new technologies, developing practical solutions, and delivering work of the highest standard. Eager to contribute to challenging projects and grow as a professional in the software development field.

PROFESSIONAL EXPERIENCE

Software Engineer (BI & ERP) - Trainee

Pentagon I Runway

02/2025 – 08/2025

Colombo, Sri Lanka

Software Engineer (BI) - Intern

Pentagon I Runway

07/2024 – 02/2025

Colombo, Sri Lanka

EDUCATION

Informatics Institute of Technology (IIT)

Undergraduate in BEng (Hons) Software Engineering

- Currently Level 6 undergraduate (2025-present)
- Completed Industrial Placement Year(2024-2025)
- Completed Level 5 undergraduate (2023-2024)
- Completed Level 4 courses (2022-2023)

Ananda College

- GCE A/L (2021 - Biological Science)
Physics (S), Chemistry (S), Biology(S)
- GCE O/L (2018)
Buddhism (A), Sinhala language (A), English language (A), Mathematics (A), History (A),
Science (A), Art (A), Business & Acct. studies (A), Health & Physical education (A)

PROJECTS

Ethmal Uthsara: Portfolio Website

The portfolio 'Ethmal Uthsara' website is my personal site, created using **React.js**. It is fully responsive, includes my CV, and highlights my projects and skills.

AutoInsight Pro(group project)

AutoInsight Pro" is a mobile-based software application that utilizes **React Native** for the front-end, **Spring Boot** for the back-end, and **Python** for machine learning. It offers real-time monitoring and several other features for vehicles.

Theatre Tickets Booking System

A **Java**-based Theatre Tickets Booking System manages ticket reservations and availability through a command-line interface, facilitating easy booking (including file handling, and exception handling).

Online Shopping Managing System

An online shopping management system, developed in **Java**, utilizes "object-oriented programming principles" and **Java-Swing** for the user interface. It offers two separate versions for staff and customers.

University Grade Calculator

A **Python** script that calculates university grades via command line by taking inputs of exams, then computes the final grade based on the specified criteria. Two separate paths for students and for the academic staff

Sliding Puzzles

Puzzle game designed to find the shortest path between the starting and ending points, utilizing the Dijkstra algorithm. The game is developed in **Java**.

Medi Care

Medi Care is a mobile-based software frontend application developed in **React Native**. This application is designed to remind users to take their medication at specific times and sends reminders accordingly.

"SnakeHub" Web Page (group project)

"SnakeHub" is an educational website created using **HTML**, **CSS**, and **JavaScript**, offering interactive content and resources focused on snake conservation and ecology, along with an educational quiz.

Web Development(group project)

Websites for the **Ministry of Technology**, Ministry of Industries, and **Asthma Control** were developed and maintained using **WordPress** and **CSS**. These web applications were created voluntarily.

RESEARCH & PUBLICATIONS

Robust Multi-Class Brain Tumor Segmentation Using Transformer Hybrid Networks with Hard and Soft Voting Ensembles

22nd IEEE International Colloquium on Signal Processing & its Applications (CSPA)-Accepted

2026
Western Kuala Lumpur, Malaysia

Hybrid CNN-Transformer Ensemble with Attention Fusion and Stacked Generalization for Brain Tumor MRI Segmentation

5th OPJU International Technology Conference on Smart Computing for Innovation and Advancement in Industry 5.0 (OTCON 5.0)-pending

2026
Raigarh, India

SKILLS

Soft Skills

Decision making, Multi-tasking, Teamwork, Leadership, Creativity, Organization,

Technical Skills

Java, Python ,HTML ,CSS ,JavaScript,React Js, Structured Query Language(SQL), PHP, React-native , WordPress, Ms Office suite.

AWARDS

- Java Application Development Using JavaSE USSC course certificate
- The Duke of Edinburgh's International Award - Silver award
- The Duke of Edinburgh's International Award - Bronze award
- China-Sri Lanka International Youth Painting Competition - Merit award
- All Island Handicrafts(leather) Competition - Third place
- Westen Province Art Competition (2017) - Special -Merit award
- Open Chess championship (Dutch chess academy) - 20th place
- Board Member of Ananda College Biology Association

VOLUNTEER

Cutting Edge 2023 (IIT)

I participated as a group member to conduct "Cutting Edge'23" at BMICH for students of various schools and undergraduates of various universities involved in Information Technology studies.

Sri Lanka Cancer Society (Apeksha Hospital; Maharagama)

I participated in a social welfare program conducted by Sri Lanka Cancer Society. This program was conducted every Sunday for a period of two years at Apeksha Hospital ,Maharagama

Sapphire - Biological Science Exhibition(2020 & 2023)

I participated as a committee member to conduct 'Sapphire' Biological Science Exhibition at Ananda College for students from various schools involved in biology and science studies.
